Truth for Today

Using Your Gifts

Romans 12:3-8 talks about gifts that God gives each of His children. We all get different gifts and talents and all of these are important, each of us is unique in what God has given us. (There are two things in this passage that God tells us about our gifts.) First, He says to use them! His gifts are meant to be used to bring glory to Him. I'm sure He is not pleased to see His gifts either not used at all or used for a purpose other than what He intended. The second thing the Bible tells us in this passage is that our gifts need to be used with right attitudes. We are to be humble, cheerful, willing and generous. Use your gifts for His purpose and you will be greatly blessed.

~And that's the truth.
